WANDERING YACHT

Wandering Yacht is a global nautical luxury brand that started with an office in Tivat, Montenegro. Today it's our Holding Company with Yacht Charter subsidiaries in Fort Lauderdale, Florida, USA; Barcelona, Spain and currently we are in development in the Middle East.

Wandering Yacht strives to keep your charter trip in that 'elated' state of mind; that unsurpassed level that one can have on a Superyacht. All of our team have been trained by a butler so you can keep that flow of silver service you had onboard, as you disembark and venture onto land. One of our multilingual team will greet you, where your next journey, excursion or immersive experience may begin from there.

The most intricate details of your next destination stay can be planned to perfection and orchestrated by us to ensure that the highest level of luxury is maintained. Indulge in this Superyacht seamless experience, it truly is an unforgettable, reflective yet adventurous, iconic moment on water and forever a lifetime of memories.
